**ADMIN UPDATES AND
REQUESTS:**

VERY IMPORTANT

It is vital that all parents ensure they are on one of these communication groups for regular feeds and updates:

- AIA fund-raising and notices group
- BB Whatsapp group

Please ask your child's teacher to put you on the group if you are not yet on.

Please do update your phone number and address if you have changed phones or moved house please.

Dear Parents and Guardians

A warm welcome to the third term of 2022. How quickly time has passed. I trust you were able to enjoy quality time with your family and are well rested. The next ten weeks will be a flurry of activity in what I anticipate being an exciting and productive third term.

Winter is still here!!!!

The past couple of mornings have reminded us that winter is still very much with us. This image of a beautiful sunrise reminds me of my perfect view in town as seen from my house. The serenity of this image brings a calmness to my being as I start with a busy day. Let us all appreciate and take care of our beautiful town and protect its beauty and serenity that it has to offer.

QUICK THOUGHT: Do We Invest in Ourselves? (This is a shared piece)

I often scroll through magazines, newspaper and internet articles and stumbled upon this very insightful piece. I hope you can find value in this as much as I did.

"We often take better care of our smartphones than we do of ourselves – the phones are always recharged!" – Arianna Huffington

If the above were not so extremely accurate, one might have thought that Huffington was taking a cheap shot. But she really isn't...

Our cell phones have screen protectors, covers, and are always charged. When it comes to us humans, however, the reality is that we do not always take as much care of this person – ourselves – whom we hope makes it to a 100%.

I am sure you will agree that most of us do not take enough care when it comes to:

- **What we eat and drink, and in what quantities.**
- **Ensuring we get enough sleep, rest, and time for meditation & thought.**
- **Exercise and outdoor activities.**
- **Friendships and depositing into the lives of others.**
- **Spiritual matters.**

While most of us get a new cell phone every 2 years, the body we have and the person we see in the mirror each morning, will be the same image we see until the day we die. The better we take care of ourselves, the better shot we have at a long life. But merely reaching a high age is not first prize – it is reaching those big numbers and still being able to enjoy life at that stage. That's the trick!

Like most investments, the sooner you start, the better.

Mr Bagan

CONGRATULATIONS

We wish to remind you of two of our students, Aaron Booysen (Stage 8) and Blessing Mfenqe (IGCSE), who represented AIA at the Chess Northern Cape Provincial's in Kimberley at the starts of the June holidays.

They kept the AIA flag flying high. We wish to encourage our students to join the chess club at an early age so that they can also get the same opportunities as these two had.

I would also like to remind you of the Clubs list that was sent out earlier during the week via WhatsApp. I did attach a copy of it to this document.

URGENT APPEAL

Paper is very costly and producing worksheets and learning material for our children is a very expensive exercise. The termly donation by parents of a ream of white paper is tremendously helpful in allaying these costs. We appeal to parents to ensure that they make the required one ream per family donation for this term as soon as possible, so that we can maintain the high standards to which we are accustomed.

We also request the parents of Reception Red and Blue to kindly donate a box of tissues.
